Hydraulic Automatic Heel Lasting Machine

www.dgspm.com

SP-728A Features:

- 1.Suit for under 180 mm normal insole, soft insole lasting of shoe lasts.
- 2.Position of rising height of shoe lasts adopts high-low-speed oil system which can control accurately to achieve the betterlasting result.
- 3.Wipers and positioning pole could choose to back-mode to adjust the heel upper after fastening the last.(Patent has been applied)(fig.1.2.3)
- 4.Lasting movement of wipers could be adjusted outside and equipped the numeral displayer, more convenient for different shoe lasts adjustment.(fig.4)
- 5.The fastener, supporter rising and inside-pull pressures are adjusted outside and equipped the pressure list, easy to operate.(Patent has been applied)(fig.5)
- 6.We provide any kind of wipers and fasteners, fit for every shoes, the fastener is covered by chains to achieve the best result.
- 7.The last supporter has two press steps with the wiper hitting equipment to make the lasting smoothly without any angle to achieve the best result.
- 8.Also fit for Good Year lasting, we provide the stitch down shoes spare parts to use.

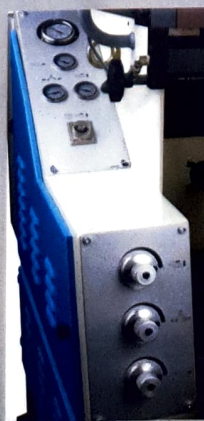

SP-727A Features:

- 1.This machine is suitable for lasting the shoes with general and soft midsoles and with the heels at the height less than180mm.
- 2.Positioning rod is equipped the height micro-adjustment structure, which makes the height of shoe lasting adjustment easily and accurately to position.
- 3.We have full sizes of wipers and toe forming bands which were wrapped by chain to fit any shape of shoes for the best result.
- 4.Auxiliary supporter adopts gears, gear racks and ratchets, quick and accurate to adjust the height.
- 5.The second time pressing of last supporter is designed to work with the wiper pre-heat device to keep heel smoothly and no angles, increasing the lasting result to upgrade the shoe quality. It makes the lasting areas smoothly, increases the lasting result, and upgrades the quality of shoes.
- 6.The stitching down construction equipment is optional for producing the stitching down shoes.
